POLICY ON CORONAVIRUS - COVID19

17th March 2020

FoBC wishes to reassure you that the health and safety of our staff, volunteers, and all park users is of paramount importance to us in these uncertain times.

The Friends of Barnes Common has a policy to follow official guidance issued by the Government.

Therefore, until there is any official advice to the contrary, we will carry on with our work, including volunteer sessions, but taking reasonable precautions with particular regard to 'social distancing'. We ask that you respect the following:

- Anyone showing any flu-like symptoms (sore throat, tight chest or dry cough) is asked to stay away as a precaution.
- Anyone who is considered vulnerable due to age or pre-existing conditions should be particularly mindful of official advice.
- Trustees and staff will not be travelling to major conferences or gatherings
- Our volunteer groups and other activities will continue to be of modest size and draw on people living locally
- Groups will be encouraged, as far as possible, to stay in the open and avoid unnecessary contact.
- We will encourage hand washing, especially before any refreshment taking. We will supply alcohol-based hand sanitiser, as well as suitable work gloves, for use when groups do meet.
- We will be paying particular attention to surface cleaning in the pavilion between users and regularly

Please check our website <https://barnescommon.org.uk/> for latest updates on our guidelines as well as activities, as these may change due to demand and/or availability of organisers.
